

## DETAILED SCHEDULE OF SAVINGS PROPOSALS - 2013/14 TO 2016/17

No.	Service	Description of Saving	2012/13 Budget £	2013/14	2014/15	2015/16	2016/17	Total	Lead Officer	Rationale	Impact on the Community and possible alternative/mitigation	Staffing impact	Impact on other council service or partner budget	Other risks and impacts and possible mitigation
<b>Income</b>														
1	Family & Cohesion Services	Educational Psychology		20,000	30,000	-	-	50,000	Di Partridge	SEN Review underway. This will include reviewing different delivery models which can then trade across boundaries with schools in Telford & Wrekin and Shropshire	Minimal impact	Minimal impact - this proposal is support by majority of staff. A review of delivery options is underway including a mutual option.	Consideration needs to be given during the review to the impact this work will have on statements of education need.	Government proposals for changing SEN funding and an SEN White Paper
2	Education, Culture & Skills	Increased income from the Music Service through exploring new markets/customers and benefiting from a reduction in operating costs following the restructure in 2011		20,000				20,000	Psyche Hudson	Increase Income generation already being realised	Seek alternative funding sources and partnerships to deliver activity for young people.	Amendment to music service structure and salary addressed 2 tier operation	This is a traded service.	Only risks expected with a traded service eg buy back from schools, ability to tap into new markets etc.
3	Care & Support	Low Level Preventative Service- hourly rate increased for this preventative service from £8 to £10 per hour on 1st April 2012 and a further increase to £12 per hour will be implemented on the 1st October 2012, to cover the amount currently funded by the Council		29,000	-			29,000	Richard Smith	This is a preventative service available to people who would not meet the Council's eligibility criteria for access to care services. It is utilised by the Access team at initial point of enquiry for people whose level of need is below substantial or critical with the objective of preventing or delaying their need for ongoing care and support. It is not a care service and it is feasible for it to be purchased elsewhere.	The increase in price is a barrier to users of the service and there has been a fall in demand. This has reduced the income and currently the level of saving is lower than anticipated. Action including proactive marketing to increase demand is being undertaken.	There is no immediate staffing impact from raising prices, however an ongoing reduction in current demand would cause a review of the service provided and potentially staffing levels. The service is currently provided by the in house catering and cleaning services following a competitive tender process.	As mentioned under staffing, the contract to provide the service is delivered from within the catering and cleaning contract and any reduction in demand will impact the performance of the contract and reduction in required staff numbers.	It is possible that the absence of this preventative service could escalate an individual's need for care services funded by the council.
4	Care & Support	Meals on Wheels-review of service		57,000	-			57,000	Chris Harrison	A meals on wheels service, delivering a hot meal to vulnerable people is only one way that meals can be provided to people needing a community meals service. Locally we already provide a frozen meals delivery service. Against a background of reconfiguring services to meet a more updated agenda nationally, many authorities have moved away from commissioning the traditional meals on wheels service for a range of reasons. These include health & safety issues- particularly food hygiene, value for money, infrequency of delivery rounds, alternative ways of meeting identified need for a group of people who primarily fall below the community care eligibility threshold, etc. It is therefore proposed to undertake a review of the community meals service, with a view to considering ways of achieving a £57,000 saving by 2013/14. This is the net cost of the service above the food purchase price which is already met by a service user charge per meal.	Impact will depend on alternative arrangements considered. For example the frozen meals delivery service already in place ensures people have access to a frozen meal, a small freezer and safe re-heating equipment at no cost to the Council, other than the assessment and administration costs.	No direct impact for Council staff. But would impact on the WRVS paid staff and volunteers. Also some of the meals are prepared, cooked or re-heated in Council kitchens or under contract with independent providers.	No significant impact on council services. Would need to consider impact on WRVS budget	Existing service users will be concerned about loss of service – mitigation would be through alternatives available. WRVS would be concerned about the loss of a public facing service – mitigation would depend on whether the Council saw an alternative role for WRVS in supporting vulnerable people locally. Public perception – mitigation would be around clear articulation of rationale for change
5	Law, Democracy & Public Protection	Increase in license fees		12,600				12,600	Ian Mercer	due to reduction in the number of "taxi" licences and the decision of members to phase the increase this will reduce by £10k in the first full year and a further £10k in the second. This will be offset in part by line 15 below. This will not cover the impact of the phased introduction only the reduction due to the reduction in licences. the current fees for taxis have not been increased for 6 years, do not cover the cost of the service and the increase will move them into the upper third. the decision to increase fees has already been made by members and follows a public "consultation" exercise. Licensed premises fees are set by Government and are related to the non domestic rate of the premises. All fees are subject to the number of applications and as such all figures are a best guess based on historic numbers.	The business will have to fund the increase. Fee increases are likely to be passed on to the final customer but that is outside the control of the Council.	if the fee income is not realised there is likely to be the need for a further restructure and reduction in staff or alternative savings will have to be found	none	as a result of the proposal to increase fees for the private hire vehicle trade a significant number of drivers have elected to use a legal loophole and now licence vehicles and drivers with Shropshire Council. The fees are required to be reviewed as there is a legal requirement to only recover the costs of the process and this may result in a reduction of fees in the future.
6	Customer & People Services	Increase burial fees - by 5%	139,100	12,000				12,000	Andrew Meredith					
7	Customer & People Services	Increased Income from Nationality Checking Service (possible invest to save) - <b>ITS Not Approved - awaiting information to evaluate</b>	196,760	5,000				5,000	Andrew Meredith					
8	Neighbourhood & Leisure Services	Environment & Open Spaces: Bulk collections from £15 to £18 for up to 6 items;		5,000				5,000	Dave hanley	£18 is still low compared to other local authorities.	May generate an initial number of complaints for the small increase in bulks charging. Contact Centre to promote voluntary sector assistance for the collection free collection of reusable furniture and white goods	N/A	N/A	. Charging for bulks increase came in this year and there has been an increase in participation.
9	Neighbourhood & Leisure Services	increase cost of gym membership fees by 10%		45,000				45,000	Stuart Davidson			considered as part of restructure	N/A	Price resistance. Will need to continually review to ensure price sensitive and comparison via benchmarking
10	Neighbourhood & Leisure Services	Explore a sponsor for leisure service uniforms		5,000				5,000	Stuart Davidson	Secure sponsorship for leisure uniforms from an external health and fitness retailer	N/A	N/A	N/A	
11	Neighbourhood & Leisure Services	Leisure Services: Improved Direct Debit Collection (health & Fitness, golf and swimming) rates through using existing framework contracts for DD collection	618,000	5,000	-	-	-	5,000	Stuart Davidson	An increasing number of leisure providers have outsourced the management of their DD collection. The main benefit being increased collection rates and reduced bad debts.	See risks	No direct saving but capacity to pick up administration associated with Telford Ice Rink which is to be retained in house and was not allowed for at the time of the Leisure Restructure due to original outsourcing proposals.	None	Risks associated with involvement of third party. Appropriate protections can be built into service contract
12	Neighbourhood & Leisure Services	Leisure Services: Increased Health & Fitness profits (OLC) based upon 20% increase in membership levels. This proposed as part of an invest to save bid based on estimated capital investment of £240,000, therefore projected 3 year payback.	153,000		80,000	-	-	80,000	Stuart Davidson	Opportunity to create additional capacity in the current aspiration facility to support growth	Positive: Gym users may be without changing provision during school day. Not considered a major risk, given improvement in service. Customers to be made aware in advance. Gym users would be required to use same public toilets as secondary school groups. Work could be scheduled for summer months so as to minimise disruption to schools and users.	None	The projected increased profit takes account of additional equipment leasing costs.	Potential loss of income during refurbishment works. Any closure to be kept to a minimum.
13	Neighbourhood & Leisure Services	Leisure Services: Additional Health & Fitness Profit arising from a new fitness facility at Newport Pool. This is proposed as part of an invest to save bid based on estimated capital investment of £750,000 therefore offering a projected 5.5 year payback	-		136,000			136,000	Stuart Davidson	Currently very limited private sector provision within Newport	Positive: improved community provision within Newport. Also safeguards sustainability of Newport Pool	New staffing structure and ways of working means additional income can be achieved with very little additional staff costs. (Staff costs included within profit projection)		
14	Neighbourhood & Leisure Services	Leisure Services: New income (profit) arising from the development of a crazy golf course within the Town Park. Based upon an invest to save proposal requiring an estimated £100k capital expenditure with a projected 2 year payback.	-	50,000		-	-	50,000	Stuart Davidson	New income generating opportunity linked to Town Park and Southwater Square enhancements.	Positive	None serviced by existing visitor centre staff.		Subject to planning approval. Potential objections from Wonderland who have a small Crazy Golf offer. Potential Lease implications to be checked.

No. Service	Description of Saving	2012/13 Budget £	2013/14	2014/15	2015/16	2016/17	Total	Lead Officer	Rationale	Impact on the Community and possible alternative/mitigation	Staffing impact	Impact on other council service or partner budget	Other risks and impacts and possible mitigation
15 Neighbourhood & Leisure Services	Leisure Services: Additional income from new and improved BSF sites and improved and increased community access and tourism opportunities linked to Town Park and wider leisure offer	-	-	-	10,000	20,000	30,000	Stuart Davidson		Positive	Potential additional capacity for volunteering and apprenticeships.	Positive, opportunity to broker income share arrangements with schools associated with opening up of facilities for community use at sites where no use currently takes place	Agreement from schools. Community use needs to be built into BSF provisions and any associated planning conditions in accordance with Council leisure strategies.
16 Neighbourhood & Leisure Services	Highways & Transport: Increase target for Highways Development Control services from Section 38 and Section 278 Agreements for Telford & Wrekin work		10,000	10,000	10,000		30,000	Stuart Freeman / Ian Goffe	The increase in fee income should be achievable based on fee levels achieved in last two years.	No impact on community as fees are paid by developers	Additional income is expected to be achievable with current staff resources		Part of the service is delivered by external/internal engineering consultancies, achieving additional income is dependent on continued lean delivery of services by external/internal service providers and no inflation in hourly rates.
17 Neighbourhood & Leisure Services	Highways & Transport: Develop new income stream, by providing Highway Development Control advice to other authorities. Additional income is subject to creating an invest to save post(s) to deliver additional income and income is subject to other authorities willingness to 'buy' services.		10,000	5,000			15,000	Stuart Freeman / Ian Goffe	The Council has a strong skill set in Highways Development Control compared to other authorities. Services could be marketed to other authorities to fully/partially provide Highway DC advice. Additional income is subject to creating an invest to save post(s) to deliver additional income and income is subject to other authorities willingness to 'buy' services.	No community impact	Additional staff resources would be required.	Requires commitment from other authorities to 'buy' services to achieve income target.	Requires commitment from other authorities to 'buy' services to achieve income target.
18 Neighbourhood & Leisure Services	Highways & Transport: increase parking charges in Ironbridge <b>Year 2</b> Market Square Car Park (16 spaces) Up to 30 mins = 60p Up to 1 hour = 110p Ironbridge Car Parks Up to 2 hours = 110p Up to 3 hours = 190p Over 3 hours = 200p  Other		16,000				16,000	Stuart Freeman	Increase in parking charges for car parks where Council already charges (actual increase must be in 10p increments due to parking machines). For 2012/13 would result in maximum charge on Council car parks being £1.70.	Increased cost for parking which may result in lower levels of car park use; however charges for all day parking are low compared to other towns/ visitor attractions.	Will require work for Traffic Management Centre in advertising and implementing new charges.		Potential reduced use of Council car parks if perceived to be expensive compared to other car parks in local area. Season tickets will be available to residents so that they are not subject to a daily charge.
19 Neighbourhood & Leisure Services	Highways & Transport: Increase parking charges annually by 10% in Telford town centre: Up to 1 hour = 90p (previously 80p) Up to 2 hours = 1.50 (previously 1.40) Up to 3 hours = 2.40 (previously 2.20) Up to 4 hours = 3.10 (previously 2.80) Over 4 hours = 3.70 (previously 3.40)		4,000				4,000	Stuart Freeman	Further average 10% increase in parking charges for car parks where Council already charges (actual increase must be in 10p increments due to parking machines). Council now only has two car parks in the town centre Ice Rink & Southwater Way - for 2012/13 would result in equivalent charges still being around 10% lower than Telford Shopping Centre car parks. Changes to charges to the Ice Rink car park require agreement of TIC who manage the car park on the Council's behalf.	Increased cost for parking which may result in lower levels of car park use; however charges for all day parking are low compared to other towns and other car parks in town centre.	Requires agreement with TIC as Ice Rink car park is split responsibility between Council and TIC with TIC carrying out enforcement. TIC charges would need to be same as Council charges as cannot have different charges on same car park.		Efficiency dependent on pursuing CPE and MSCP. Unlikely to deliver efficiencies if service is operated on traditional local authority model and standard T&Cs.
20 Neighbourhood & Leisure Services	Highways & Engineering Services: More Commercial approach - Advertise Structural Engineer post at PO6 providing better opportunity to generate external income. Post remains vacant after 3 attempts to recruit externally at PO3.	No income being generated or programmed.	3,000				3,000	Chris Butler	Improve ability to recruit and generate more income	Improvement of service being offered	increase in establishment (See calculations below in Box A)	Opportunity to offer in house structural engineering design currently going to external consultants	
21 Neighbourhood & Leisure Services	Highways & Engineering Services: Early development Intervention - Introduce a premium Pre-planning chargeable Engineering constraints report	fee generating	20,000				20,000	Chris Butler	Early intervention at the development stage to offer pre-planning advice with a detailed constraints report on the development site. This would reduce our own internal costs in providing engineering advice free of charge.	Potential to be seen as "another cost" but the benefits to the developer in gaining an early planning approval would outweigh the small fee. (sliding scale fee based upon the size of the development)	Expensive engineering staff freed up to become fee earning from external clients.	Improvement to the planning process by getting it right first time making the whole process more efficient.	
22 Council Wide	Increase various fees and charges across the council by 2.5% in October 2012 and a further 2.5% in April 2013		44,000				44,000						
<b>Total Income</b>			<b>372,600</b>	<b>261,000</b>	<b>20,000</b>	<b>20,000</b>	<b>673,600</b>						
<b>Non-Staff</b>													
23 Family & Cohesion Services	Children's Centre Subsidy - Newdale		150,000	-	-	-	150,000	Chris Marsh	Reconfiguration of children centre (nursery) provision in Newdale Children Centre Area	Subject to 90 day consultation in March/April 2012. This included consideration on impact on the community. Initial proposals were changed to reflect consultation feedback. New arrangements implemented from September	Reduced levels of staffing considered during 90 day consultation.	Some of the provision has transferred to Newdale School	Plans in place for implementing revised arrangements from September 2012
24 Family & Cohesion Services	Commissioning of Teenage Pregnancy Services		20,000	-	-	-	20,000	Chris Marsh	Reduced funding available to support preventative work relating to teenage pregnancy.	Possible impact on teenage pregnancy rates within the Borough which are already higher than national averages despite recent	Minimal impact	Impact on ability to deliver existing programme in partnership with health.	see left
25 Family & Cohesion Services	Youth Offending Service	297,754	50,000	-	-	-	50,000	Jas Bedesha	Estimate of saving arising from the introduction of a West Mercia YOS core offer and as a result of a significant reduction in first time entrants to the youth justice system.	Minimal impact. Likely improvement in outcomes as a result of new approach to early intervention, prevention and an enhanced approach to working in partnership with a range of multi agency partners.	Currently being evaluated. Due to holding a high number of vacancies the impact is likely to be minimal.	Capacity in some targeted services will be increased as a result of the new approach	Subject to 4 West Mercia LA and a number of statutory agencies agreeing to the core offer, reaching agreement over appropriate service level agreement.
26 Family & Cohesion Services	Housing Homelessness & Resettlement - Line by Line analysis of budgets.	69,250	10,000	-	-	-	10,000	Jas Bedesha	Estimated saving. Work in progress to identify extent of saving possible.	Minimal impact	Minimal impact	Minimal impact	Risk that review will not reveal any savings
27 Family & Cohesion Services	Housing Homelessness & Resettlement - Further staffing review to account of integration into Cohesion Services	349,190	40,000	-	-	-	40,000	Jas Bedesha	Estimated saving. Actual savings will depend upon outcome of ongoing review	Minimal impact.	Possible staffing reductions arising from the review	Minimal impact	Risk that review will not reveal any savings
28 Family & Cohesion Services	CSS - Short Breaks – Definition of more appropriate packages in line with criteria set out in the approved Short Breaks Statement		25,000				25,000	Di Partridge	Definition of more appropriate packages in line with criteria set out in the approved Short Breaks Statement	Minimal	None	Minimal	Public concern regarding changes. Our approach will be to work with our partners deliver this small saving.
29 Family & Cohesion Services	Rationalisation of Home to School Transport (High Erccall Bus)		16,000				16,000	Kathy Swallow	This is a discretionary service currently being subsidised by the Council.	Following a period of consultation during the spring of 2011/12 the subsidy is being withdrawn over a period of time.	None	possible impact on school admissions for High Erccall Primary School	
30 Family & Cohesion Services	Home to School Transport – Further route efficiency resulting in smaller bus required Wellington to Newport		33,000				33,000	Kathy Swallow	Further route efficiency identified by Transport Team resulting in smaller bus required Wellington to Newport	None	None	None	Demographic change dictate larger bus required
31 Family & Cohesion Services	Home to School Transport – further route rationalisation between Newport and Muxton and surrounding areas.		20,000				20,000	Kathy Swallow	Further route rationalisation between Newport and Muxton and surrounding areas.	Minimal	May lead to creation of post (funding from savings or school) to support extended provision in school needed to support early arrival of pupils	Would need to work in partnership with schools to secure this saving	Reliance on school being prepared to work in partnership.

No.	Service	Description of Saving	2012/13 Budget £	2013/14	2014/15	2015/16	2016/17	Total	Lead Officer	Rationale	Impact on the Community and possible alternative/mitigation	Staffing impact	Impact on other council service or partner budget	Other risks and impacts and possible mitigation
32	Family & Cohesion Services	Reduce B&B usage resulting in less Housing Benefit subsidy being lost	307,000	20,000				20,000	Jas Bedesha	Reducing current reliance on B&B to provide temporary accommodation will reduce loss of housing benefit as well as benefiting clients. By working with clients contacting the service to prevent homelessness, working effectively/closely with other agencies e.g. through Joint Assessment Panel/SAP to maintain/support clients in existing accommodation or ensure clients are supported/housed by the most appropriate service/agency and develop opportunities to meet housing needs via private sector housing (developing the Bond Scheme) there is scope to	The Authority has a statutory homelessness duty and this will continue to need to be met. If more measures can be introduced to prevent homelessness and/or house via the Bond, this will benefit clients providing accommodation more suited to their needs and supporting their move back to independence.	None	Leakage into HRA account.	Changes to the benefit system pose a threat of more people presenting to the service as homeless. This may lead to an increase in numbers needing temporary accommodation impacting on the service ability to reduce B&B usage even with the measures identified in place.
33	Family & Cohesion Services	Housing Services - storage costs/bonds etc.		20,000				20,000	Jas Bedesha	Based upon historic spend against this budget (which meets the cost of storage of clients belongings during period in temporary accommodation and off site storage of files and materials)	May require clients to be charged for the off site storage of belongings.	None	None	None
34	Family & Cohesion Services	Various Youth Initiatives	189,243	95,000				95,000	Jas Bedesha	Reducing funding available to support positive activities for young people and rationalising property required/rented.	Reduced programme of activities for young people. Phase 2 C&YP service review proposals will identify a different approach to youth provision.	Minimal	Some initiatives are delivered in partnership with other providers. There may be some impact on partners ability to deliver proposals as a consequence of making this reduction.	
35	Education, Culture & Skills	Lifelong Learning/age careers service		100,000				100,000						
36	Education, Culture & Skills	Games and Swimming Transport		-	21,000			21,000	Jim Collins	Links to proposals for developing cooperative learning communities. Following implementation of these proposals these costs will no longer occur	Minimal	Minimal	Impact on school lesson planning, and hence attainment, if introduced before implementation of BSF proposals	
37	Education, Culture & Skills	Increase the use of volunteers working at Oakengates Theatre as stewards to reduce longer term use of casual salaries budget		9,000				9,000	Psyche Hudson	Viable alternative service delivery option e.g using volunteers	Reduced opening hours and staff resource. Customer First Point for information and Online Booking facility for theatre will remain available.	Reduction in number of casual post holders.		
38	Education, Culture & Skills	General reduction in operational budgets at Oakengates Theatre e.g. marketing, promotions, postage, casual budgets		13,000				13,000	Psyche Hudson	Viable alternative service delivery options e.g reducing opening hours, management staff being more operational, more on line literature, on line booking promoted, use of volunteers etc.	Online Booking facility for theatre will remain available and use of volunteers will help to ensure no reduction in customer service at the theatre.			reputation - access to services and less diverse cultural offer as we move to more commercial bookings at the Theatre e.g. comedy.
39	Care & Support	Mental Health Service Review - Review of partnership arrangements with South Staffordshire and Shropshire Foundation Trust (NHS). In addition to required staffing savings rationalisation and renegotiation of buildings and IT costs		50,000				50,000	Karen Kalinowski	Current governance and operational arrangements are being reviewed as part of overall service have been reviewed. Reduction in staffing and renegotiation with the SSSFT will result in reduced level of operational building running costs.	Should be no further impact on public outside of implications of staffing review.	Part of Phase 2 Restructure	SSSFT are also identifying operating efficiencies and are anticipating savings requirements.	None
40	Care & Support	Independent Travel Training - Savings to Care & Support		5,000				5,000	Transport - Helen Hill; Care & Support - Richard Smith	Savings on Care & Support budgets for transport by training suitable individuals to use public transport rather than have bespoke transport procured for them.	Positive impact for clients as promotes independence. Requires training, monitoring and careful communication as service involves vulnerable adults and children.	Independent Travel Training post provided as part of Environmental Services restructure.	Saving is delivered by Environmental Services but relates to budgets managed by Care & Support	Requires careful identification of people to be trained to ensure that highly vulnerable people are not left to look after themselves
41	Care & Support	Various operational budgets across all service teams			2,000			2,000	Karen Kalinowski		None	None	None	None
42	Finance, Audit & IG	Accountancy - deletion of vacant post/vacant hours not filled during the Service restructure			37,760			37,760	Ken Clarke	Work to be covered by existing staff or re-prioritised				
43	Customer & People Services	Car Lease Budget	14,630	10,630				10,630	John Harris					
44	Customer & People Services	Reduced maintenance & lease costs of delivery van	8,000	2,500				2,500	Sharon Smith					
45	Customer & People Services	Libraries - general reduction in overall operating costs eg stationery, marketing, promotions, postages		3,000				3,000	Sharon Smith		Limits number of reading development activities; possible delays to request service etc	Will require 20% staff saving to be delivered following formal restructure launch at the end of January 2012	na	
46	Customer & People Services	ICT: Reduced costs of Wide Area Network as a result of property rationalisation		20,000				20,000	Kirsty King	Buildings will be decommissioned as part of the property rationalisation and therefore network links can be removed. These costs are in addition to savings in property running costs	None	None	None	
47	Customer & People Services	ICT: Reduce licensing for the security encryption for mobile devices		1,250	1,250			2,500	Steve Roberts	Reduction in the need for security encryption on certain devices as with the increase of thin client the USB functionality is limited.	None	None		
48	Customer & People Services	ICT: Stop ICT benchmarking work and related subscriptions		2,500				2,500	Kirsty King	It could impact on proving value but external statistics can be provided as and when required.	None	None	None	Investigate cheaper alternatives in benchmarking providers.
49	Customer & People Services	Customer Services - reduction in various operational budgets eg training, postage, publications		5,000				5,000	Andrew Meredith	Limited immediate impact on service delivery, as the savings will be delivered through a combination of savings against the coaching and equipment budgets.		There is no immediate direct impact on staff	None	None
50	Customer & People Services	Release leakage budget from bottom line for Catering as part of the Property & ICT restructures		91,700	32,235			123,935	Kate Sumner	Staffing savings as shown in Appendix 4 of the Budget report anticipated that £711,135 of Property & ICT restructure savings would leak from the general fund to school accounts as a result of the restructure in catering and cleaning. However, the fee structure and the restructure for these services have been set to maintain their existing income targets. This has resulted in the level of leakage being significantly reduced. The estimated net benefit to the general fund position as a result is £527,000 in 13/14.	None	None	None	
51	Customer & People Services	Removal of a Service Manager Post through merger of libraries with customer services post creation of the Hub and migration of neighbourhood libraries to community			57,000			57,000	Angie Astley					
52	Neighbourhood & Leisure Services	Environment & Open Spaces: Further CRC budget rationalisation				55,000		55,000	Dave Hanley	In addition to the £265k CRC saving the CRC budget can be rationalised further once the lost Newport CRC investment expenditure committed by TWS has been written off	N/A	N/A	N/A	Key risk is the waste budget is being ring fenced for procurement purposes but this should be treated as leakage.
53	Neighbourhood & Leisure Services	Environment & Open Spaces: Stop maintaining private open space zone 1's e.g., Wombridge Road, Fieldhouse Drive		5,000				5,000	Dave Hanley	There are a number of sites which are not in council ownership but have always been maintained. Pass responsibility on to commercial premises/shop owners.	Could be received negatively by traders 'un cooperative' but counter argument is - why should tax payers subsidise cleansing of private land. May need to serve formal Street Litter Control Notices.	N/A	N/A	TWS can carry on maintaining assuming traders pay for the service.

No. Service	Description of Saving	2012/13 Budget £	2013/14	2014/15	2015/16	2016/17	Total	Lead Officer	Rationale	Impact on the Community and possible alternative/mitigation	Staffing impact	Impact on other council service or partner budget	Other risks and impacts and possible mitigation
54 Neighbourhood & Leisure Services	Environment & Open Spaces: Reduce Additional works budget in the TWS contract for small landscape improvement projects				40,000		40,000	Dave Hanley	Drop small projects linked to contract and make better use of PETs Parish 2 for 1 schemes, cooperative council initiatives etc assuming relevant progress is made	Less to spend on the environment unless other small grants are initiated. This will impact by less opportunity to 'respond to local residents and members schemes.	Up to a 2 TWS operatives	Parishes or community groups may need to engage.	N/A
55 Neighbourhood & Leisure Services	Environment & Open Spaces: Reduction of one urban refuse round as per contract variation			140,000			140,000	Dave Hanley	Interpretation of the contract variation indicates this may be possible - so will enter into dialogue with TWS	May mean some areas of the Borough has day changes but hope to keep this to a minimum	3 TWS FTE	N/A	Could have implications on other negotiations ongoing with TWS therefore proposing 2014 before implementation
56 Neighbourhood & Leisure Services	Environment & Open Spaces: Reduction in Public Realm Overtime budget		10,000				10,000	Dave Hanley	Reduced budget can be managed within existing resources.	N/A	N/A	N/A	N/A
57 Neighbourhood & Leisure Services	Waste & Refuse: Increased recycling by encouraging 30% of Borough wide households that currently don't recycle or recycle at very low levels and also apply the Council's grey bin policy to existing as well as new customers		75,000	150,000			225,000	Dave Hanley	Survey data suggests that up to 30% of households don't use the existing kerbside service for the collection of recycling materials. A social marketing programme to encourage these households could be rolled out over the next three years. The saving will also increase with the continuing increase in landfill tax. Also properties who currently have more than one grey bin are to be reviewed ie apply the new policy of 6 or more people in the household	Non recycling households can be a cause of frustration for the majority of the community who currently recycle. We need to promote the social responsibility of recycling, reducing landfill and the ever burdening landfill tax.	Needs to draw on expertise and input from Community teams, PR and consider additional resources to stimulate roll out i.e., door to door knocking teams	Needs to draw on expertise and input from Community teams PR and consider additional resources to stimulate roll out ie door to door knocking teams to encourage households plus listen and respond to customer enquiries.	May not be popular with households who don't positively engage so need to promote that all residents have a social responsibility to recycle in order to prevent landfill and ever increasing taxation on landfill. Bin retrieval is aimed to be brought forward and be in place before Christmas.

59 Neighbourhood & Leisure Services	Environment & Open Spaces: Introduce highway reactive maintenance service efficiencies		50,000	50,000			100,000	Dave Hanley	Working with "Improvement and Efficiency West Midlands" a pilot programme is already in place to analyse opportunities to improve our reactive Maintenance procedures in order to find service improvements and efficiencies. The saving proposal is based on an assumption that revised practices will be identified and implemented in and savings will accrue from 2013/14. Areas of work include pot hole / reactive maintenance programming and operations - predicated on a continuing and sufficient Capital programme.		TWS/Enterprise	This saving would have to be in agreement with TWS	Additional teams are in place for the remainder of 2012/13.

Likewise utilising national evidence from implementation of self directed support and personal budgets. Successful transition from childhood to adult care with focus on developing independence and reablement can significantly reduce ongoing	Potential to increase independence and choice for individuals in addressing their care needs. Transition to new model of service delivery may however cause concern and anxiety and therefore resistance to change from existing service users. 117	Neighbourhood & Leisure Services	Change strategy in relation to tree and woodland work so that only essential work is carried out free of charge		23,000				23,000	Dave Hanley	Allow for residents to contribute to permissible local tree works for example minimum 50% contribution towards tree pruning and crown lifting. Typical contributions could be between £50 - £100. The council could reduce the budget but recover the difference by charging for certain types of non essential tree works. The Council has to give priority health and Safety and insurance mitigation type work. We do however continue to receive a high number of other tree requests such as affecting light, overhanging branches above cars, satellite signals, solar panel shading etc. In these we would require resident or stakeholder contributions to undertake these works.	The tree budget needs to be aligned to Health & Safety type works across the borough. Tree works which are desirable/non essential and are for the benefit of individual households should only be undertaken with a reasonable contribution from the household.	N/A	various - leisure sites, district centres, Borough Towns etc will only receive essential tree work maintenance	Allow households to pay/contribute to non priority tree works on open space if it benefits them e.g. light, satellite signals etc.

119 Neighbourhood & Leisure Services	Highways & Transport: Subsidised Bus Services - consider reducing / removing the subsidy on existing subsidised routes				50,000		50,000	Stuart Freeman / Helen Hill	The authority could reduce/remove the subsidies to bus services such as for weekend / evening services / or for areas of the borough. Likely to undermine current commercial services resulting in more pressure to subsidise services.	Loss of transport services providing connections to employment, schools, colleges, healthcare, shops and recreational facilities. Likely to have a disproportionate impact on low income and elderly groups.	Limited staff impact	May reduce transport access to certain Council and partner services	Could result in an undermining of currently commercial services leading to further pressure to subsidise services or a significant reduction in the public transport network in Telford.
120 Neighbourhood & Leisure Services	Highways & Transport: Introduction of Civil Parking Enforcement Powers (i.e. Traffic Warden function) across the borough and linking with Safer Communities Town Warden Scheme			150,000			150,000	Stuart Freeman / Jas Bedesha	Apply to DfT for Civil Parking Enforcement powers and link function with existing Town Wardens scheme. Application to DfT likely to take 18 months, there are some restrictions on what duties can be combined with a Civil Parking Enforcement role. Telford & Wrekin is the only tier one local authority in the West Midlands without CPE powers.	Would be enforcement of on-street parking restrictions i.e., Yellow lines; parking on zig zags outside schools; parking on the footway. Would need communication and awareness raising with general public prior to CPE being implemented.	Would require review of existing Town Warden PCSO roles. May be additional roles required. Also ticket processing and prosecution function required - recommended this is shared with other authorities already undertaking CPE duties.	Allows response to issues of people not observing waiting restrictions or inappropriate parking on High Streets or outside schools, which have been raised as issues through town and parish council meetings and through PACT meetings.	Would require an initial investment to complete a review of all traffic orders and update road markings and signs on-site.
121 Dvpt. Business & Housing	(1) Review provision model for domestic violence (women's refuge) and (2) increase in HIA and PSH fees and charges		30,000				30,000	Katherine Kynaston	Saving includes 2 discrete elements: (1)Accommodation for those homeless due to domestic violence is currently provided through Willow Court. Victims of domestic violence are and will continue to be a priority group for service support. Willow Court provides an important service and includes facilities to work with children who have witnessed/been subject to violence in the home. However this type of accommodation does not suit all clients who sometimes find it hard to share accommodation with others. In order to afford suitable protection the refuge has to enforce strict policies regarding family visiting and clients can become isolated from their family. Other clients may also become overly reliant on the support and protection and a number of clients have been in residence many months causing a 'sitting' up of the refuge and limiting scope to support new clients. It is also felt that the current service provided by housing for this client group is overlapping with that which other agencies are or should be providing. This is adding to the service costs. There remains a need to provide a safe environment for this client group where they can receive support from housing and other agencies.	(1) Alternative rather than reduced service model for domestic violence. (2) Impact of increases in Private Sector Housing Fees for some services.	None	(1) Housing service are providing aspects of support to victims of domestic violence that could or should be provided by other agencies/services. The impact of a change in delivery model needs to be considered via full review of options and risks. (2) Risk of pricing some clients out of receiving service which may result in their being unable to stay in their own homes and leading to costs to social services/housing to provide residential accommodation and/or care as a result of accidents in the home. May consider putting in increased fees and charges as a result of the expansion of the Handyman service as an alternative. Major current risk is the loss of DFG funding which from which fees are generated.	(1) Dispersed model may make providing support for children within affected families less easy to provide than when all clients are on single site. Providing security at dispersed locations may be more difficult and/or incur some immediate cost. Mitigation needs to be considered via full review of options and risks. (2) Risk of pricing some clients out of receiving service which may result in their being unable to stay in their own homes and leading to costs to social services/housing to provide residential accommodation and/or care as a result of accidents in the home.
