

Appendix C – Criteria for “Exceptional Condition” – Private Hire Vehicles

1. Exceptional condition, relates to the standard of the vehicle only and does not include circumstances pertinent to the proprietor.
2. Any request for an exemption due to a licensed vehicle being in “exceptional condition” would normally be granted for a maximum 12-month period, after which time the decision must be reconsidered against the agreed standards.
3. That the consideration for an exemption to the age limit would normally only be considered for vehicles currently licensed with the Council.
4. That any vehicle licensed outside of the standard age limit policy should be subject to 6 monthly vehicle compliance tests at the owners expense.
5. Any vehicle inspection resulting in a fail due to any major item or more than 3 minor items, as defined in Telford & Wrekin Council's Manual of Inspection Standards for Licensed Vehicle Testing and Compliance Standards, will usually result in the vehicle no longer being classed as in exceptional condition upon expiry of the licence.

In determining “Exceptional Condition” the following standards should usually be attained:

1. The vehicle must pass Telford & Wrekin Council's compliance test, except where the failure was the result of no more than three minor items (as stipulated in the licensed vehicle testing manual of inspection standards).
2. The bodywork should be in near perfect condition with no signs of panel age deterioration, dents, scratches, stone chips or rust or any other abrasions that may detract from the overall appearance of the vehicle.
3. The general paint condition should not show signs of fading, discolouration or mismatching that may detract from the overall appearance of the vehicle.
4. The interior trim, panels, seating and carpets etc should be in excellent condition clean, free of damage and discoloration and as manufactured, i.e. no seat covers.
5. The vehicle service record can be used as supporting evidence of exceptional condition in that a vehicle of exceptional condition would normally be expected to demonstrate regular servicing and maintenance in accordance with the manufacturer's service specification.

6. The vehicle to be in excellent mechanical condition and in all respects safe and roadworthy with no signs of corrosion to the mechanical parts, chassis, underside or body work.
7. The boot or luggage compartment to be in good condition, clean and undamaged.
8. Passenger areas should be free from damp or any other odours that may cause passenger discomfort.
9. In the case of Wheelchair Accessible Vehicles, the ramp and any other accessible features should be shown to be in full working order and showing no signs of rust or excessive wear to components?
