Terms of Reference

Date: February 2013

Background

The White Paper *Equity and excellence: liberating the NH*, published in 2010, set out the Government's strategy for the NHS. The consultation document, '*Local democratic legitimacy in health*', gave further information on proposals for increasing democratic legitimacy in health and included the proposed establishment of local Health and Wellbeing Boards. The *Health and Social Care Act 2012*, sets out the establishment, functions and supplementary information relating to the Boards. The legislation places a statutory responsibility on the Local Authority to take on its full statutory role from April 2013 and to have a Joint Health and Wellbeing Strategy in place. The HWB will be a formal Committee of the Council.

Important areas to be highlighted are:

- The transfer of commissioning to GPs
- The abolition of primary care trusts and strategic health authorities
- Transferring the public health budget and responsibility to local authorities
- Giving local authorities the responsibility to promote integration and partnership by working through statutory health and wellbeing boards

Aims

1. The HWB is responsible for guiding and overseeing:
 - a. The ongoing development of the joint strategic needs assessment (JSNA)
 - b. Developing a high-level joint health and wellbeing strategy (JHWBS), based upon the findings of the JSNA
 - c. The establishment of sound joint commissioning arrangements
 - d. The development of HealthWatch forum for public and patient engagement and involvement
 - e. The transfer of Public Health responsibilities and arrangements to the local authority
2. The HWB will provide a key forum for public accountability of NHS, social care for adults and children and other commissioned services that the HWB agrees are directly related to health and wellbeing in Telford and Wrekin.

3. The HWB has a duty to encourage integrated working between local health, social care and health-related commissioners.
4. The HWB will have a link to the overarching Telford and Wrekin Local Strategic Partnership but will also very much function in its own right. The HWB will work closely with the Children, Young People and Families Board, Safer Community Board, in addition to the existing adult partnership boards, in order to ensure the focus on the improved health and wellbeing outcomes for the whole population of Telford and Wrekin.

Objectives

1. To lead on the development of a Telford and Wrekin Joint Health and Wellbeing Strategy (JHWBS) for residents which drives health improvement, plans to deliver this strategy and keeps the implementation of these plans under review.
2. Through the JHWBS, to oversee a commissioning programme of service and/or pathway redesign to better meet the needs of patients and service users and to deliver improved outcomes. Successful delivery of this will be dependent on the HWB developing effective management mechanisms with both primary care and secondary care providers where relevant or appropriate.
3. To link into the Local Strategic Partnership, Strategic Boards and associated Partnership Boards, making recommendations to Full Council, NHS Commissioning Board, and the Clinical Commissioning Group Board, as appropriate.
4. To analyse the priorities for deployment of health and care resources in the area based on information collected through the JSNA and other sources.
5. To consider options and opportunities to maximise the impact of aligning the deployment of resources of the health and care agencies in the area on agreed priorities. This will include the joint commissioning of health and social care services for children, families, and adults in Telford and Wrekin, to meet identified needs and to consider any relevant plans and strategies regarding joint commissioning of health and social care services for children and adults.
6. To oversee the development of this proposed joint commissioning activity, ensuring any proposed activity is aligned with local priorities and levels of

need and is undertaken within available resources. To consider options for joint commissioning and procurement between relevant organisations to support this work.

7. To oversee all areas of health and social care commissioning activity for people of all ages, to ensure that commissioning priorities are in line with those set through analysis of the JSNA and the local JHWBS. This commissioning activity includes all local services commissioned by Telford and Wrekin CCG, Telford and Wrekin Council, Joint Commissioning CCG/Council and NHS Commissioning Board, which could include local: specialised services; secondary dental care; general dental services; GP services; general ophthalmic services; pharmaceutical services; any services for the Armed forces or Offenders; and other primary care.
8. To consider options for the development of HealthWatch and establish relevant joint working groups in order to undertake this work, ensuring that appropriate engagement and involvement with existing patient and service user involvement groups takes place.
9. To consider appropriate arrangements for the transfer of Public Health responsibilities to Telford and Wrekin Council, and to propose and consider relevant governance and organisational structures to support this work.
10. To keep under review, the financial and organisational implications of joint and integrated working across health and social care services, ensuring that performance and quality standards for health and social care services to children, families and adults are met and represent value for money across the whole system.
