

## **INFORMATION RECEIVED SINCE PREPARATION OF REPORT**

Application number	TWC/2015/0274
Site address	Priorslee Primary Academy, Priorslee Avenue, Priorslee, Telford, Shropshire, TF2 9RS
Proposal	Erection of 1no. demountable building
Recommendation	Full Grant

The applicant's agent has advised that the application has been submitted for a permanent permission as this will ensure certainty for the school pupils and curriculum.

Given that there are already two demountable buildings across the site it is considered that a temporary permission would be appropriate. A 5 year consent is proposed to allow the school to build the previously approved extensions which would then allow for a reduction in the number of demountable buildings.

Two additional letters of objection have been received however they relate to issues concerning the erection of the Holy Trinity Academy and a letter written to the Council from the solicitor of the Priorslee Academy regarding the process of this planning application. The matters raised are not material planning considerations.
