

## APPENDIX 3 - SAVINGS ALREADY DELIVERED

1. The Council has faced truly unprecedented cuts to its grants from central Government which have now forced us to make ongoing annual savings of £110m. The need for savings has increased each year due to Government grant cuts, inflation and other pressures. Ongoing savings delivered by year are detailed below:-

	£m
2009/10	4.156
2010/11	6.725
2011/12	11.659
2012/13	19.069
2013/14	11.306
2014/15	17.204
2015/16	10.237 (Includes in-year Public Health cut)
2016/17	15.743
2017/18	13.815
<b>Total</b>	<b>109.914</b>

2. This is equal to a cut of almost £1,500 pa in the cost of Council services for every household in Telford and Wrekin. In delivering these savings, we have applied the principle of 'as far as possible minimising the impact on priority front-line services'. This principle remains at the core of our current strategy although it is now inevitable that we have to put some savings proposals forward that do have significant consequences on front line services. Savings delivered to date include:-
3. **Council Jobs** - Reduced the number of jobs by over 1,532 since April 2010, saving around £30m pa following major redesign and restructuring of the organisation to meet the challenges facing the Council. This has seen 600 vacancies deleted and 932 redundancies. Through effective redeployment only 127 of these have been compulsory redundancies.
  - Redeployed over 3,360 people within the organisation as a result of restructuring with many employees now having been redeployed more than once.
  - Since 2009 staff pay has increased by 5.3% while inflation (RPI) has risen by 29.8% cutting staff pay very significantly in real terms
  - .
4. **Senior managers**
  - Reduced the size of the senior management team by 57% which is over twice the national average reduction of "Nearly 23.2%" as reported by the Municipal Journal in October 2015.
  - Cut the pay of our most senior post by 30% in real terms.
  - Cut the number of middle managers by 53%.

## **5. Back office costs**

- Cut back-office costs by around 51% since 2009, saving £11.4m a year. This scale of reduction is significantly greater than what most authorities have achieved through outsourcing or sharing services and has been achieved much more quickly as protracted negotiations with other councils or third party providers have been avoided. Retaining full control of these services also allows maximum flexibility to drive further changes in future.

## **6. Buying better value services**

- Delivered £11.6m procurement savings over the past 8 years by renegotiating and re-tendering contracts for the provision of services.
- Secured savings of £30m over the lifetime of the waste collection and disposal contract.

## **7. Income through growth**

- As part of our business winning approach, we expect to generate an extra £7.5m income by 2019, through growth in business rates and council tax since the introduction of the new local government finance system in April 2013.
- We will receive around £6m in 2017/18 from the New Homes Bonus paid by the Government to reward councils for increasing housing supply which is in line with figures issued as part of the provisional local government finance settlement.
- Increased income from more commercial approaches across our services over the past two years, including increasing income from schools outside of Telford & Wrekin.

## **8. New Commercial Income**

As outlined earlier in this report, a major strand of our approach to dealing with the Government's cuts to our Revenue Support Grant has been to increase income. This additional income, after covering associated marginal costs makes a significant contribution to our fixed costs and as a consequence is now a very significant factor in reducing the cuts to front line services that we would otherwise have to make. Significant income streams include the overall positive impact from our investment in homes for rent through our wholly owned company, NuPlace, which is projected to exceed £0.4m in 2018/19, the profit from the solar farm which will exceed £0.2m, the net additional income from the Telford Growth Fund which is boosting the returns from our existing Property Investment Portfolio total income from which will exceed £7m in 2018/19 and the contribution made from our success in delivering high quality support and advisory services to schools – whether they be maintained schools or Academies and whether located within

the Borough – or increasingly, outside the Borough. The gross income from trading with schools now exceeds £9.6m pa.

## **9. Shared Services, Trade Union Facilities Time, Cabinet Member Allowances**

The Council continually reviews delivery options for its services to ensure value for money. A number of services are provided in partnership with other local authorities and statutory agencies. Examples include:-

- The West Mercia Youth Offending Service (WMYOS) established in partnership with Worcestershire, Hereford, Shropshire, health, police and probation. The service is now managed by The Police and Crime Commissioner (PCC) with genuine integrated working practices ensuring improved outcomes at a lower cost.
- Membership of West Mercia Energy, a joint energy procurement consortium consisting of 4 upper tier authorities.
- We have for some years delivered a number of specialist services through a joint arrangement with Shropshire Council. Telford hosts sensory inclusion and portage whilst Shropshire provides a pan Shropshire adoption service. We are currently exploring a wider partnership arrangement for making improvements in respect of permanence with Staffordshire, Stoke and Shropshire Councils.
- We also work with authorities across the West Midlands through our links to IEWM to put in place regional procurement contracts for agency foster care and residential accommodation.
- Working co-operatively with our Town and Parish Councils such as the Parish Environmental Teams and new arrangements for the delivery of some library services.
- Sharing the administrative costs of the pension scheme by participating in the Shropshire wide superannuation scheme.
- We continue to look for other opportunities for joint working where it can be demonstrated that service users will benefit at a lower cost.
- Trade Unions have agreed a 20% reduction in facilities time payments for directly employed staff.
- Cabinet Members voluntarily reduced their special responsibility allowances by 10% at the start of the previous Administration which the current Administration have continued. This saving is used to fund a bursary scheme for local young people.

## **10. Council buildings**

- Disposed of 27 properties including the former Civic Offices building.
- Reduced the office space we use by a third, saving the Council £2m. pa.
- Four operational properties are now used, usage of which continues to be monitored as headcount continues to reduce and new ways of working are embedded.
