FILMING, RECORDING & PHOTOGRAPHY

The Council supports the principle of transparency and encourages filming, recording and taking photographs at its meetings that are open to the public. It also welcomes the use of social networking websites (such as Twitter and Facebook) and micro-blogging to communicate with people about what is happening, as it happens.

There is no requirement to notify the Council in advance, but it should be noted that the Chairman of the meeting will have absolute discretion to terminate or suspend any of these activities if, in their opinion, continuing to do so would prejudice proceedings at the meeting. Full details of the Council's protocol on audio/visual recording and photography at meetings can be accessed via the following link:
